RE: Amended February Monthly Report (01/01/02-01/31/02)

Dear Mr. Gibson,

This correspondence is in response to your second "Request For Additional Information" ("RFAI"), resulting from additional information we provided for the Republican National Committee's ("RNC") "Amended February Monthly Report (01/01/02-01/31/02)" that you feel is incomplete.

Our first response on this issue was not intended to be incomplete. After contacting your office, we are aware that our response did not address the question you intended. Your concern was the difference the unitemized activity, which we do not report, has on the totals we report. In our initial response we expressed concern that your calculations were not correct. We have been asked previously to explain the effect unitemized activity has on totals. Since our filings have always had unitemized activity, we did not expect that this was the concern of your question, and we focused on the incorrect amounts you reported. Please excuse our misunderstanding of the question and accept the following information.

Regarding Schedule I for our Republican National State Election Committee account. The data submitted on detailed Schedule A does not equal the total on line 1 of summary Schedule I. The difference is the sum of our unitemized activity for that schedule. The data submitted on detailed Schedule B does not equal the total on line 5 of summary Schedule I. The difference is the sum of our unitemized activity for that schedule.

I trust this response answers your inquiry. However, if you need further clarification please do not hesitate to contact me.

Sincerely,

Pat Huyck

Director of Accounting
